

Questions for Health & Care Facilities

Welcome to the Wantage Neighbourhood Plan questionnaire.

As you may know, Wantage is preparing a Neighbourhood Plan.

The Neighbourhood Plan does not aim to stop development but to make sure that it is delivered in a way that will benefit the whole community. Development must encompass a wide range of needs including: housing, employment, infrastructure, community and leisure facilities in order to sustain the Town and its residents. Therefore a Neighbourhood Plan aims to provide a framework for how development should look; what it should accomplish and where it is best located.

As part of this process several working groups have been preparing initial SWOT (strengths, weaknesses, opportunities and threats) analyses, and some have prepared PEST (political, economic, social and technology influences) analyses.
